

MAXI PROPORTIONER PELLETS

- Aqua-Aid MAXI Pellets
- Aquifer MAXI Pellets

The AQUA-AID MAXI-PROportioner system is designed for irrigation systems with wet wells. The system provides convenience for using Aqua-Aid and Aquifer chemistry **without mixing**. The **MAXI-PROportioner system utilizes pellet formulations designed to make watering more effective and longer lasting.**

The rate at which an individual pellet will dissolve is determined by water temperature, quantity and pressure.

100% Active Pellets

APPLICATION RATE

3 ounces per acre monthly or as needed.

COVERAGE

Up to 40 acres per pellet.

NET CONTENTS

6 Pellets (7.5 lbs each)

INSTRUCTIONS

Place one to three pellets in the MAXI-PROportioner, adjusting the water pressure input into the MAXI-PROportioner using the following chart as a guide.

Number of Acres (Hectares) to be irrigated	Desired ounces (Kg) of Pellet Consumed	Irrigation Time in Hours							
		6	7	8	9	10	11	12	
		Pressure at MAXI-PROportioner Nozzle, PSI (BAR)							
40 (16.2)	120 (3.4)	52 (3.58)	50 (3.45)	47 (3.24)	44 (3.03)	42 (2.89)	40 (2.76)	38 (2.62)	
60 (24.3)	180 (5.1)	57 (3.93)	55 (3.79)	53 (3.65)	51 (3.52)	49 (3.38)	47 (3.24)	45 (3.10)	
80 (32.4)	240 (6.8)	75 (5.17)	70 (4.83)	65 (4.48)	62 (4.27)	59 (4.07)	55 (3.79)	52 (3.58)	
100 (40.5)	300 (8.5)	X	75 (5.17)	70 (4.83)	65 (4.48)	61 (4.21)	58 (3.99)	55 (3.79)	
120 (48.5)	380 (10.7)	X	X	75 (5.17)	67 (4.62)	62 (4.27)	57 (3.93)	54 (3.72)	
140 (56.6)	420 (11.9)	X	X	X	80 (5.52)	70 (4.83)	64 (4.41)	59 (4.07)
