# Aqua-Aid®

## 15 to 30 Day Penetrant

Advanced technology and research in the fields of soil science and agriculture have developed the most cost efficient wetting agent on the market today, **Aqua-Aid® 15 to 30 Day Penetrant**.

**Aqua-Aid Penetrant** is formulated with the highest quality cosmetic grade non-ionic surfactants and wetting agents. This unique water base formulation of surfactants and wetting agents allows application any time of the year with no phytotoxicity.

**Aqua-Aid Penetrant** provides a uniform soil moisture profile by modifying the water surface tension. This can reduce the required amount of irrigation and rain water by as much as 30%. The end result is less hand watering, less maintenance expense and a healthier plant.

**Aqua-Aid Penetrant** is an environmentally safe premium wetting agent that is ideal for turf, agricultural and horticultural applications.

**Aqua-Aid Penetrant** can be injected through irrigation systems and/or tank mixed for spray application. It will not burn and does not have to be watered in.

- Cost effective
- Reduces water surface tension
- Provides a uniform soil moisture profile
- Reduces water usage
- Increases nutrient uptake
- Low rates
- Increases water penetration
- Helps leach harmful salts
- Compatible with most tank sprays
- Money back guarantee
